Dear father,

We are healthy and continue traveling. Everybody thanks you heartily for the package that you sent us. There is no further news. Stay healthy, and best wishes. I kiss you warmly

Your daughter Eva

Dearest Father,

We received your package, the night just before our departure. It has not been bad for us, people always say more than it is. Our dear Mouli received 3 glasses of milk per day, our Maek [?] is very pleased that they have him with them. They will know that we did not receive the package at Mme Enkevort and at the federation. Genger's [?] children were with us. Moskal's [?] brother is also here and also Mme Glinsch [?]. Many greetings and kisses from the whole family and especially from your daughter. Anna
